

## ST. TAMMANY LEVEE, DRAINAGE AND CONSERVATION DISTRICT

Bren Hasse, Executive Director  
Louisiana Coastal Protection and Restoration Authority  
150 Terrace Avenue  
Baton Rouge, La 70802

Reference: Eden Isles Resilience project

As discussed in the St Tammany Levee Drainage and Conservation District (STLDCD) Planning and Projects Committee Meeting as well as the Regular Board Meeting held on June 21, 2023, the Coastal Protection and Restoration Authority (CPRA) is ready to initiate the Eden Isle Flood Risk Reduction and Resilience project consistent with the Louisiana's 2023 Comprehensive Master Plan for a Sustainable Coast.

STLDCD understands the proposal for the Eden Isle Resilience efforts presented by NSI and CPRA. Please allow this letter to serve as STLDCD's approval to initiate the task order between CPRA and Neel-Schaffer, Inc. (NSI) to begin the work.

The proposed work will be funded with CPRA's 2020 Gulf of Mexico Energy Security Act (GOMESA) allocation and potentially future funds through the State of Louisiana's Capital Outlay program.
